

They Were Drowning in
Excel Sheets

Now, They've Boosted IT
Productivity by 100%, Without
Adding Headcount.

 stellar was scaling fast—
offices across locations, IT
assets multiplying weekly.

Their team was juggling
spreadsheets, tickets, and
silos of data.

“We had no real system. Everything was manual.”

Tricia, *IT Support Technician* at  **stellar**

Tracking inventory, onboarding, offboarding—it all relied on checklists and luck.

So **Tricia** brought in a better system.

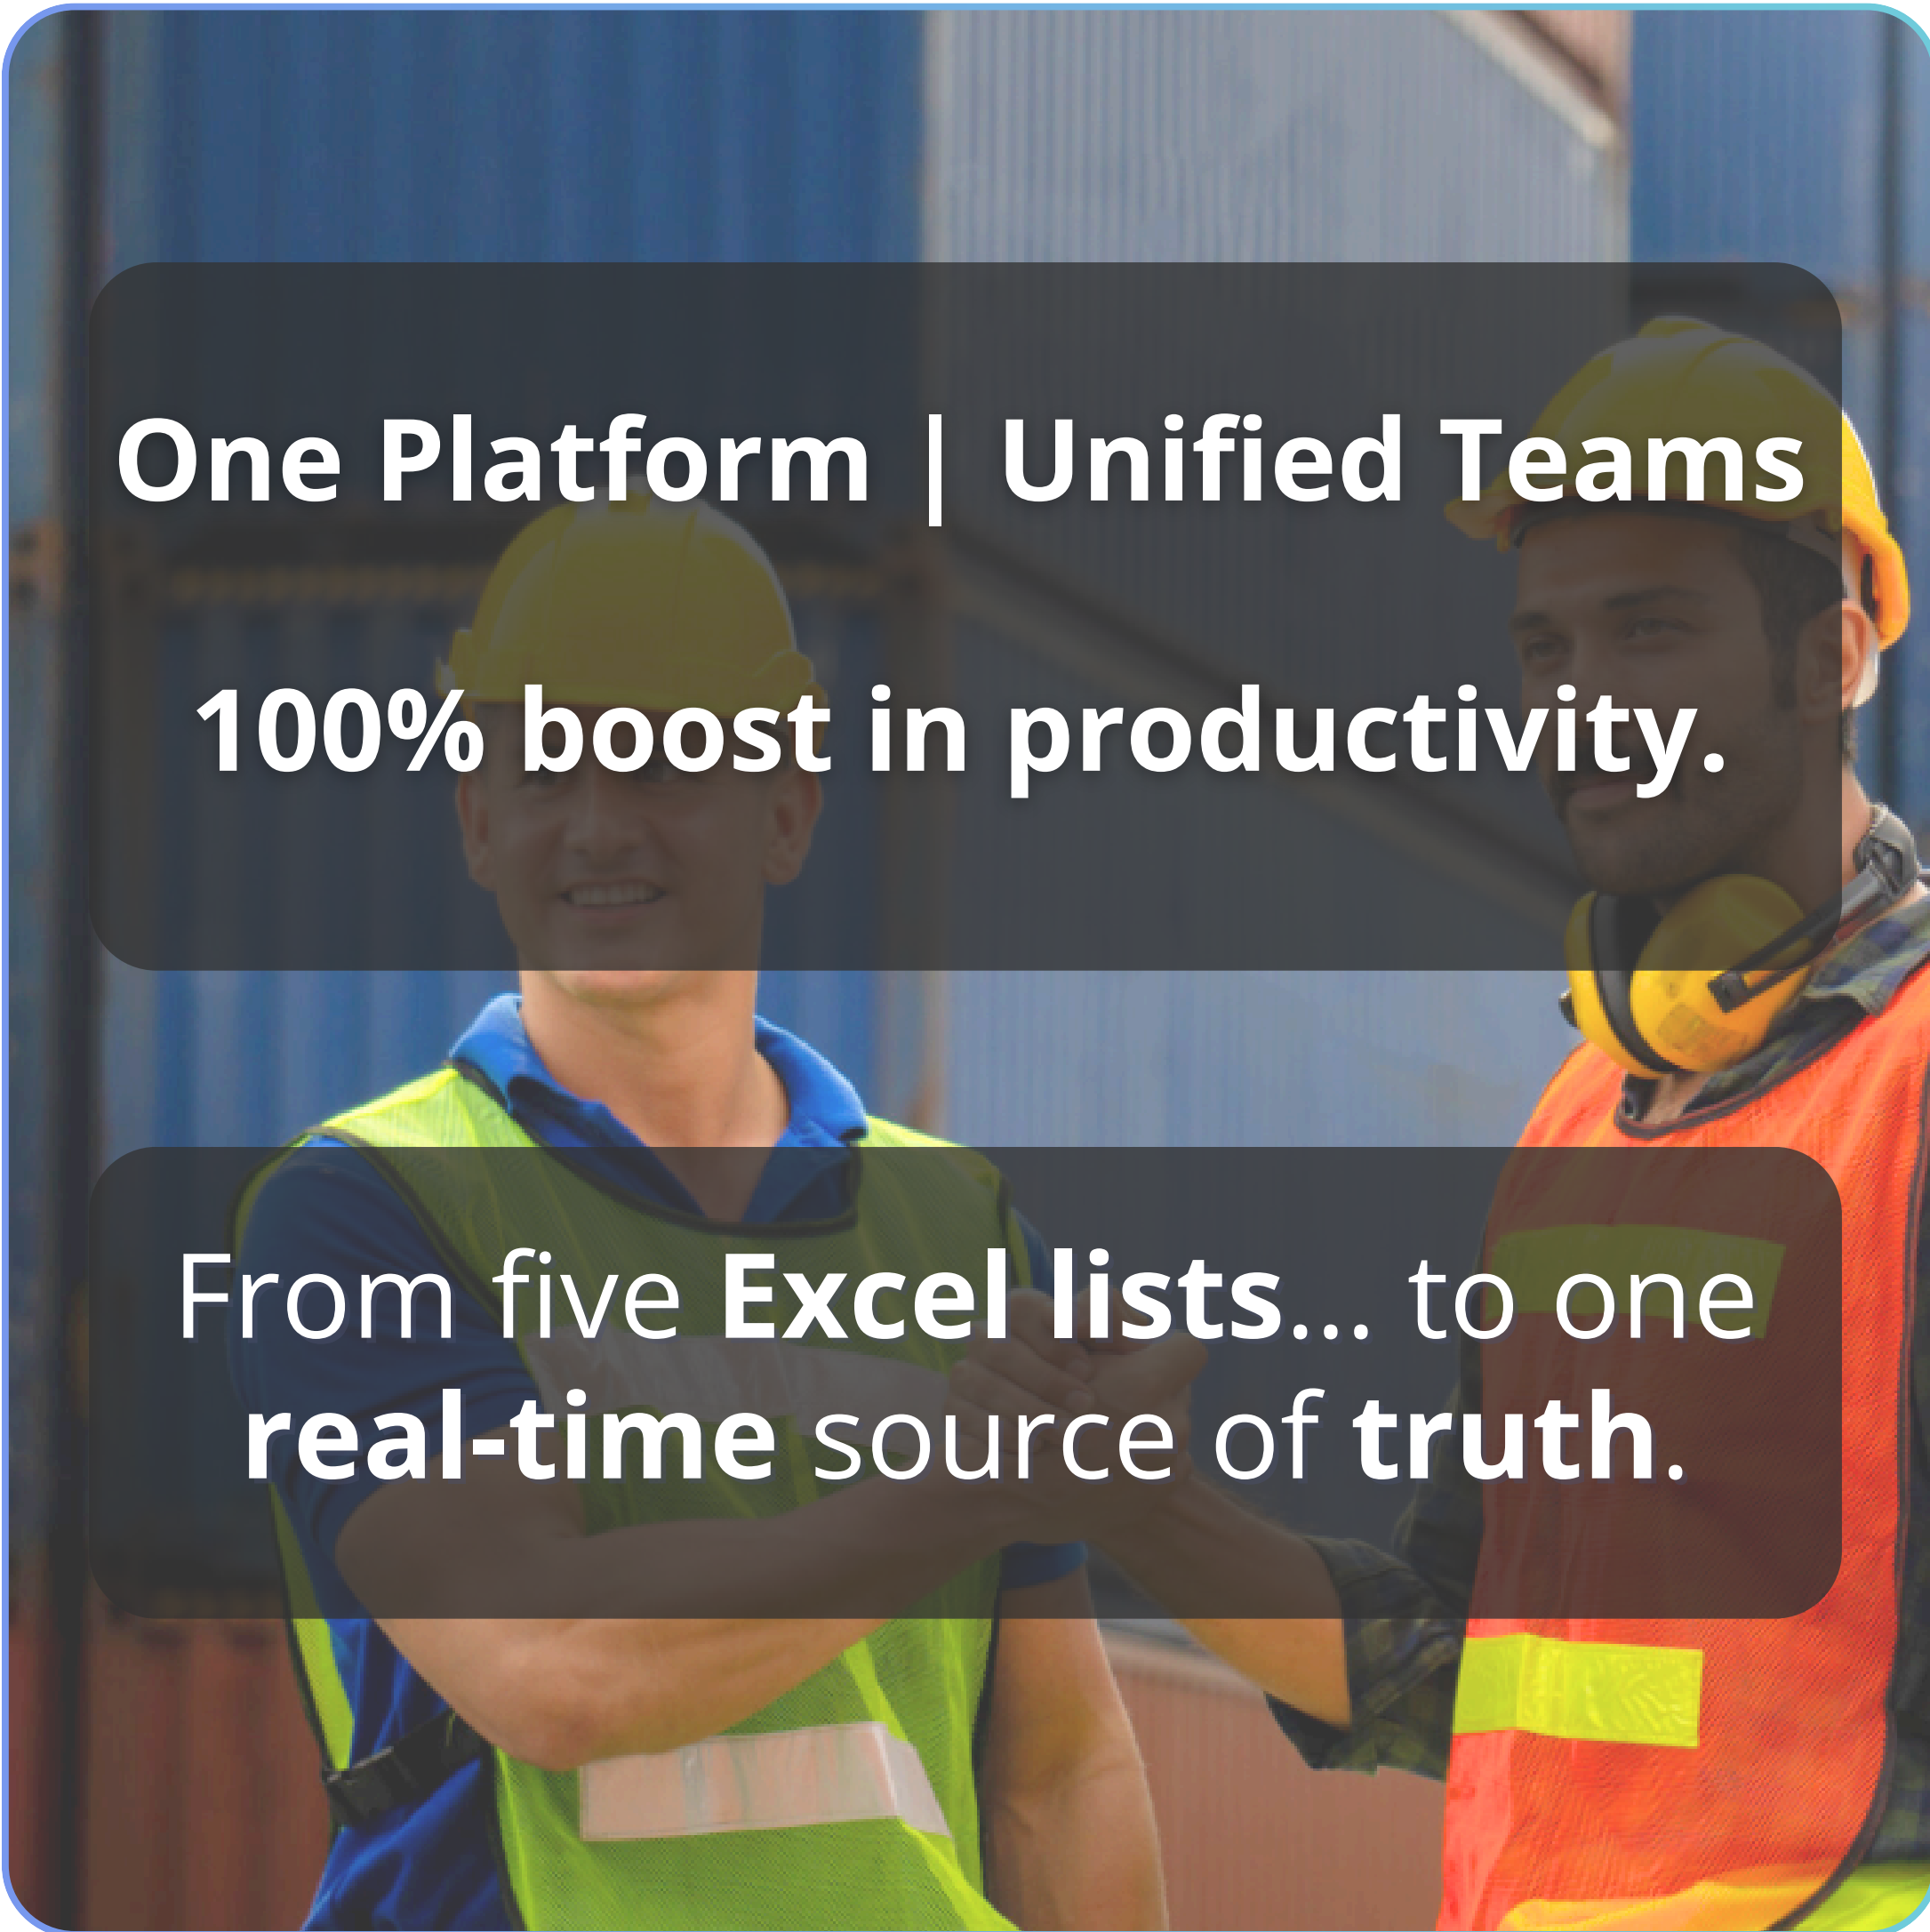

EZO AssetSonar replaced the chaos with clarity.

“Now we **track** everything—
from **procurement** to
retirement—in one place.”

What Did EZO AssetSonar do for Stellar?

- Zendesk tickets? Automated.
- Onboarding? Streamlined.
- Inventory reports? Down from 36 hours to 20 minutes.

“AssetSonar took the stress off our team. It’s our central nervous system.”

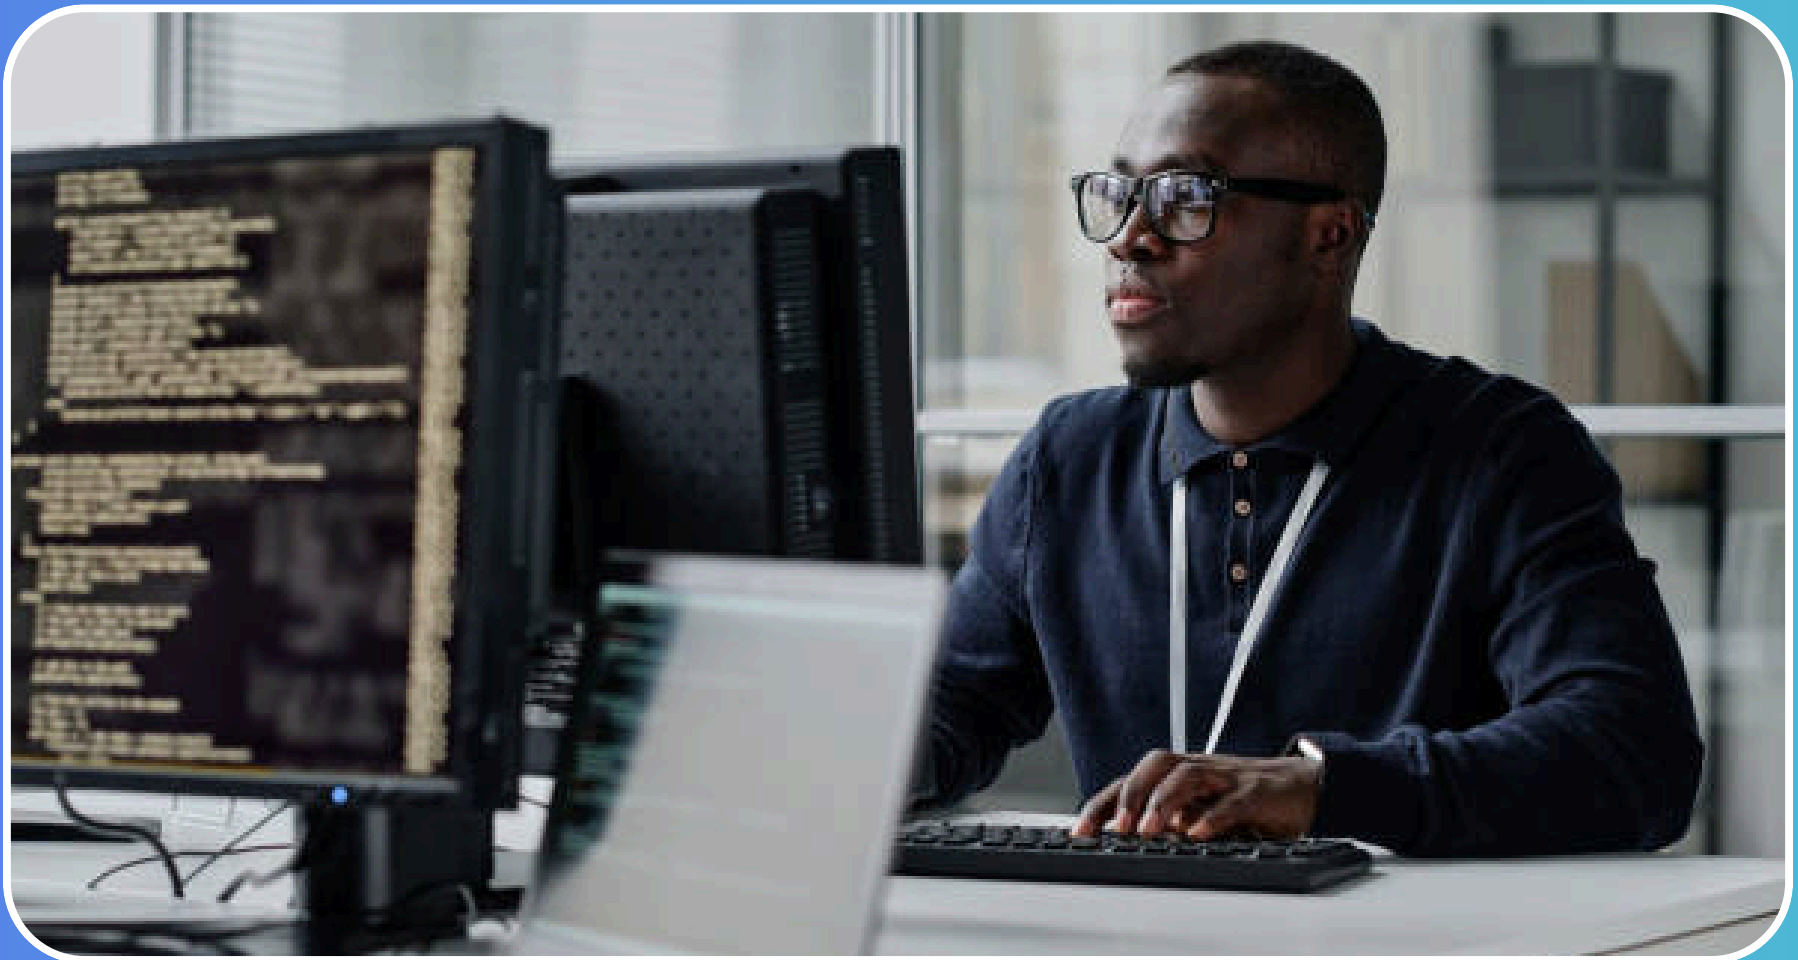

One Platform | Unified Teams

100% boost in productivity.

From five **Excel lists...** to one
real-time source of truth.

“Now we know how much each of our employees tech is costing us”

Tricia, IT Support Technician at  stellar

No more guesswork. No more missing devices

Still using **spreadsheets** to **manage IT?**

A hand holding a magnifying glass over a document with a star icon.

See how ★ **stellar** went
from **reactive** to **proactive**.

**“AssetSonar gave us back
our time, and our sanity”**
